A SYSTEMS PARTNER

MORE THAN A CABINET.

One complete machine program.

Betsumi is a Georgia-based manufacturer and systems partner for compliant gaming deployments designed around applicable state and local requirements.

We coordinate cabinet hardware, platform-specific game libraries, game-board and peripheral configuration, installation, Master Backend reporting and ongoing technical support for hospitality and entertainment locations.

01

HARDWARE + CONFIGURATION

Portrait, dual-screen, skill-game and kiosk systems configured around the location and operating workflow.

02

GAMES + GAME BOARDS

Platform-specific content libraries with board, software and supported peripheral mapping.

03

OPERATIONS + SUPPORT

Professional installation, Master Backend access and ongoing technical support after deployment.

50+ CRAZY LINK GAMES / 40+ DUAL-SCREEN OPTIONS / 13+ SKILL TITLES / 1 MASTER BACKEND

FROM SELECTION TO SUPPORT

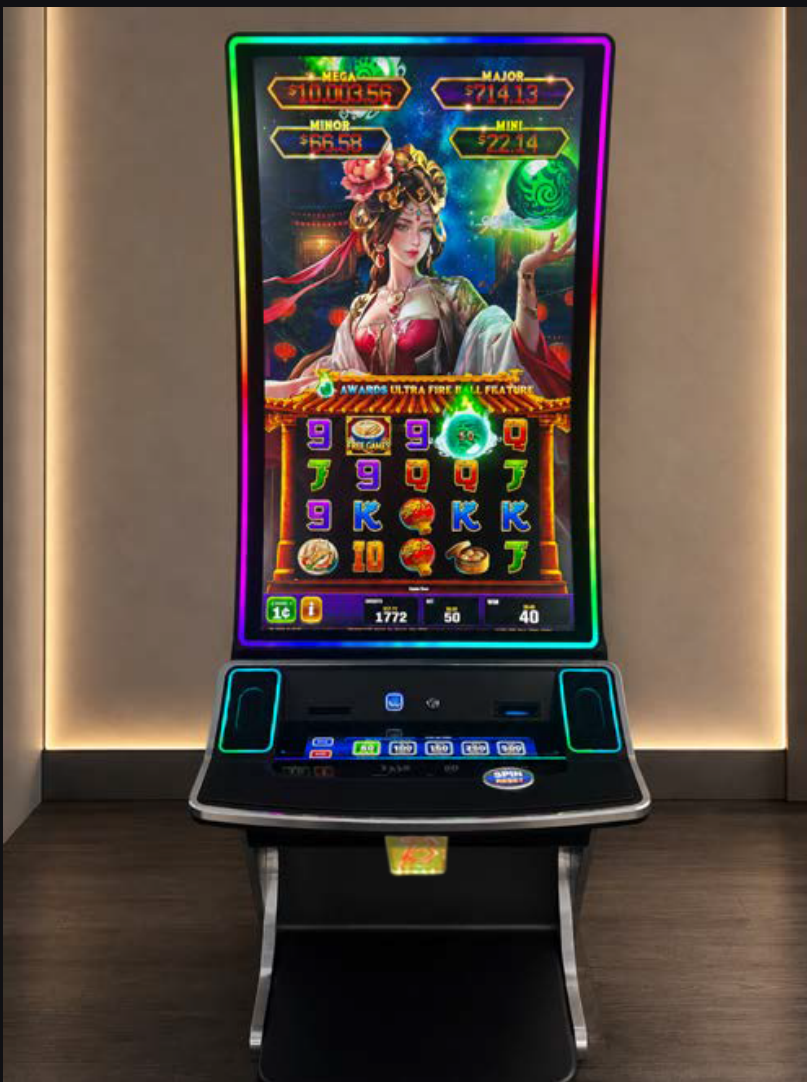

One coordinated deployment. One accountable partner.

Machine selection, game-board setup, installation, kiosk pairing, reporting and post-install support.

VERTICAL PRESENCE.

Two ways to stand out.

01

Signature Vertical

Configured to order

02

SIGNATURE VERTICAL.

CONFIGURED TO ORDER

YOUR LOCATION. YOUR SETUP.

Configured around your selected game package, board, peripherals and installation requirements.

High-visibility portrait presentation

- Game board and software configured together
- Peripheral and payment options by package
- Professional installation and technical support
- Venue-specific configuration planning

SOFTWARE PERCENTAGE

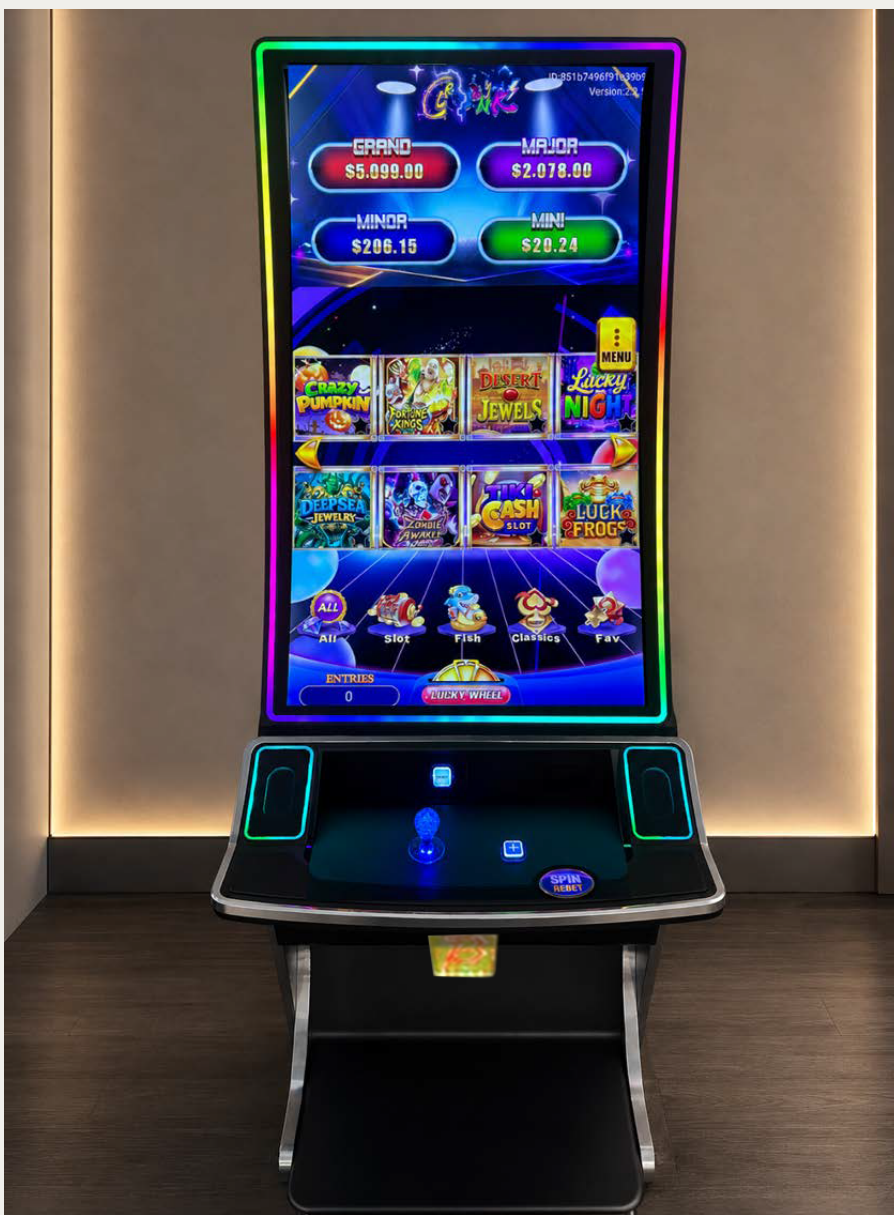

Flexible revenue-share structure for supported online-play platforms.

CHARITY SHARE

Optional charity-share configuration allocates a portion of activity to participating charitable organizations where applicable.

CRAZY LINK VERTICAL.

CRAZY LINK PACKAGE

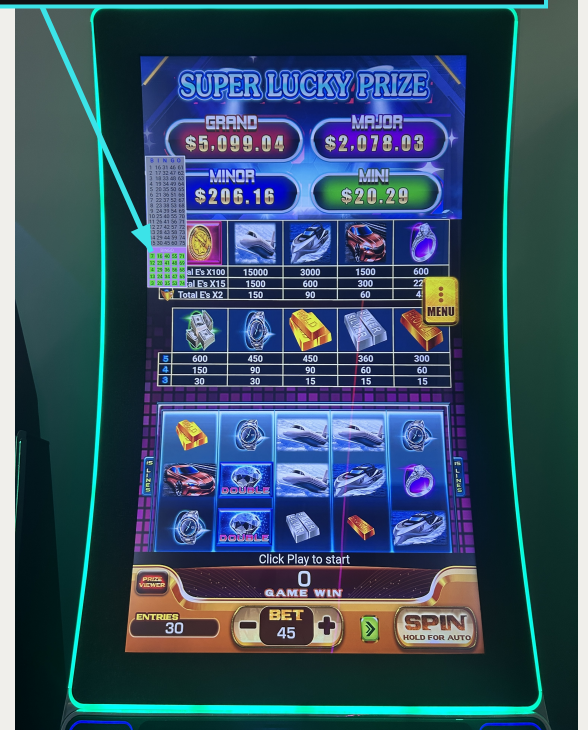

50+

GAME OPTIONS

Slot-style + fish games

BINGO CONFIGURATION

BINGO CONFIGURATION

A broad slot-style and fish-game library in one vertical cabinet. Supported packages can also use a bingo configuration where permitted.

Configuration availability depends on package and jurisdiction.

43 INCHES. 5-IN-1 SKILL.

Two complete configurations, 13+ available skill-game titles and optional kiosk pairing.

PACKAGE A

Bill acceptor
Game package
Printer

PACKAGE B

I-Deck
Bill acceptor
Printer

13+ SEPARATE SKILL-GAME TITLES

The skill-game library is separate from the 70+ options available across select non-skill platforms.

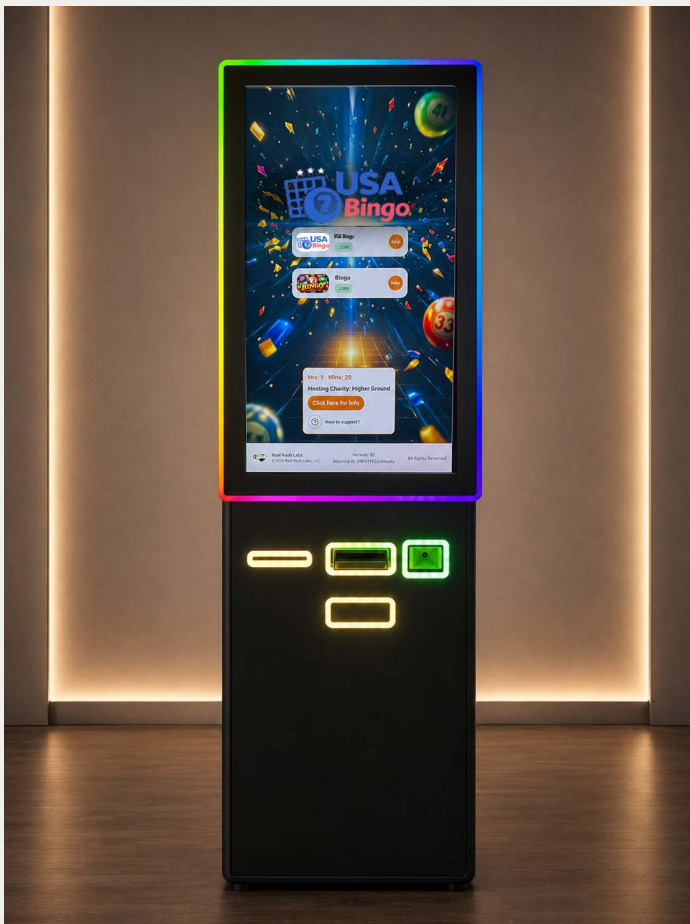

PAIR WITH A REDEMPTION KIOSK

Support hybrid debit, credit and cash workflows while reducing manual payout handling.

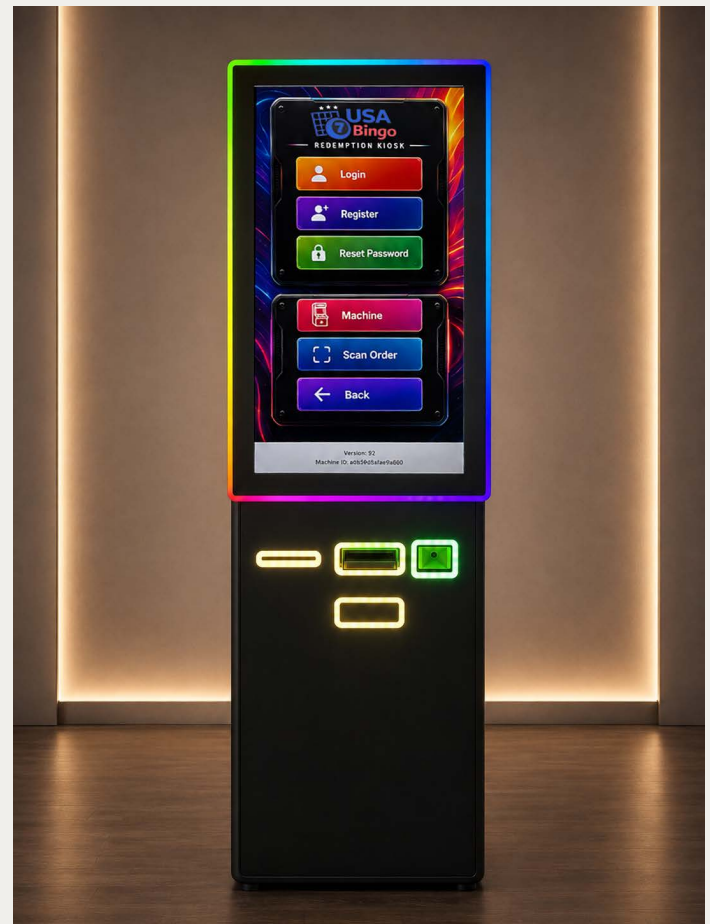

KEEP IT MOVING.

Redemption kiosk

A flexible transaction and redemption interface designed to pair with supported machine deployments.

GAME-FACING CONFIGURATION

TRANSACTION MENU CONFIGURATION

CONFIGURED AROUND DEPLOYMENT NEEDS

Debit and credit processing support. Cash support. Pairs with supported skill-game machines. Reduces manual payout handling.

Integrates with Pot of Golds, Banillas, and other supported games.

Machine and kiosk activity can be viewed through the Master Backend from a laptop or phone.

COUNTER KIOSK.

Compact footprint. Connected operations.

A countertop option for open counter space, with machine management and transaction controls in one compact unit.

AT THE COUNTER

Manage connected machines, purchases and redemptions from the touchscreen interface.

REPORTING & ACTIVITY

Access reports and machine activity through the admin dashboard and custom backend.

SUPPORTED CONNECTIONS

Integrates with Pot of Golds, Banillas and other supported games.

HYBRID SETUPS

Cash, debit and credit workflows are supported through compatible kiosk configurations.

BUILT FOR THE COUNTER

Contact Betsumi to match the counter kiosk to your machines and transaction setup.

DOUBLE THE DISPLAY.

Dual-Screen Platform

A two-display cabinet available with USA BINGO configuration and more than 40 game options.

CONFIGURATION EXAMPLE 01

CONFIGURATION EXAMPLE 02

40+ GAME OPTIONS

USA BINGO configuration available with a 40+ game library. Both photographs show the complete cabinet with different game presentations.

SOFTWARE PERCENTAGE

Flexible revenue-share structure for supported online-play platforms.

CHARITY SHARE

Optional charity-share configuration allocates a portion of activity to participating charitable organizations where applicable.

MATCH THE MACHINE.

The right library for each platform.

Game counts are platform-specific. The 5-in-1 skill library is separate from the 70+ non-skill catalog.

To order

GAME BOARDS + SOFTWARE

Board, software, peripherals and the supported operating mode are selected as one coordinated machine configuration.

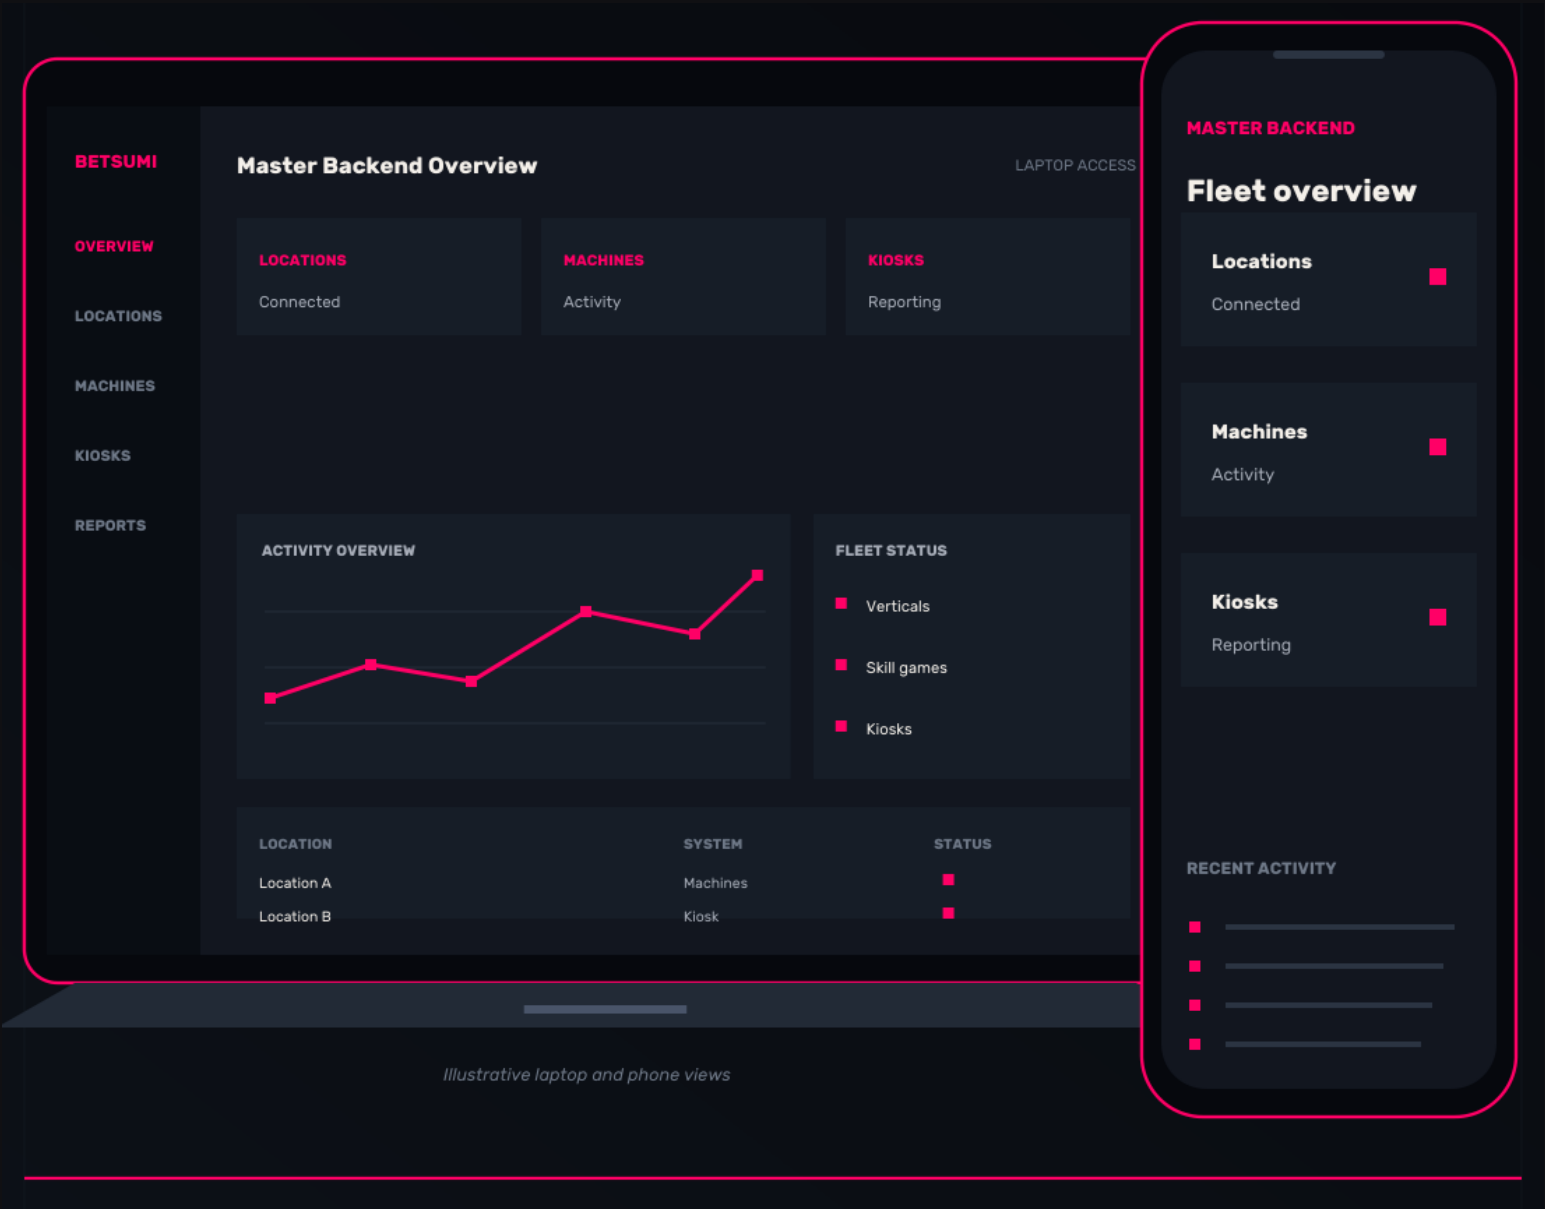

INTEGRATED PURCHASE WORKFLOW

Supported deployments combine payment functionality, machine configuration and operator workflow.

ONE-TOUCH MODE ADJUSTMENTS: Supported software can be configured for skill, preview outcome strategy, Class 2 and sweepstakes-style modes where permitted.

ONE VIEW. EVERY LEVEL.

Access the same operating view from a laptop or phone across machine, kiosk and location activity.

Illustrative laptop and phone views

LOCATION VIEW

Review activity by location and system.

MACHINE + KIOSK

Bring machine and kiosk reporting together.

LAPTOP + PHONE

Access operational reporting from either device.

Illustrative laptop and phone views. Available views depend on the final hardware, payment and software configuration.

CONFIGURED FOR YOUR USE.

Supported software can be configured for different operating models where the selected mode is permitted.

01**Skill-based gameplay versions**

Player interaction and skill mechanics for supported titles.

02**Preview outcome strategy mode**

Preview information supports strategy before play where permitted.

03**Class 2 bingo shuffler**

Bingo-based shuffler configuration for eligible Class 2 environments.

04**Class 2 video bingo**

Video bingo presentation for eligible Class 2 deployments.

05**Sweepstakes-style configurations**

Available only where the promotional model and operating workflow are permitted.

COMPLIANCE IS CONFIGURATION-SPECIFIC

Operating mode, hardware, software, payments, prize structure, installation and use must align with applicable federal, state and local requirements. Betsumi does not provide legal advice. Operators are responsible for required approvals and licensing.

OUR SUPPLY. YOUR NEXT CHAPTER.

Betsumi is the master supplier behind brands like 9Lives Distro.

Our product range brings cabinets, game packages, kiosk configurations and operational support together for our distributor network.
